All our products are made here in Bali by Chef Régis and his all Indonesian team ! They always experiment with new ingredients to make your experience extra special. Cinnamon, Avocado, Soursop, Dragon fruits, Tamarillo, Lemongrass, Kemangi, Spirulina, Ginger, Vanilla, Chocolate and Chilli... We always do our outmost to use products from Bali and/or from Indonesia because we believe in local communities and small businesses. As we are very proud than over 70% of our product offer is from Indonesian Origin, we created a sign to let you know !

We are inspired by nature and genuine flavours when making our gelato. We respect seasonal rhythms and value locally grown fruits in order to deliver the authentic taste and textures of the land. Our ingredients speak the language of nature and tell a unique story using only the best raw materials, grown and harvested on site. That is what our gelato is all about! This is no small matter.

Remix is one of our favourite local producers with an awesome range of nut milks, cold pressed juices and health tonics.

Locally produced and run, their goods are the highest quality and freshness around. Please just ask for the whole range but their Roasted Almond milk is our absolute favourite!

The world's first Banana Flour bakery has been a smash hit for their gluten free flour and products. It is also free naturally of bugs so great to keep and transport! As well as a great range of breads, they also do cakes, pasta and ready mix so that you can bake your own on board. They are sending it around the world now so definitely is something you need to get into!

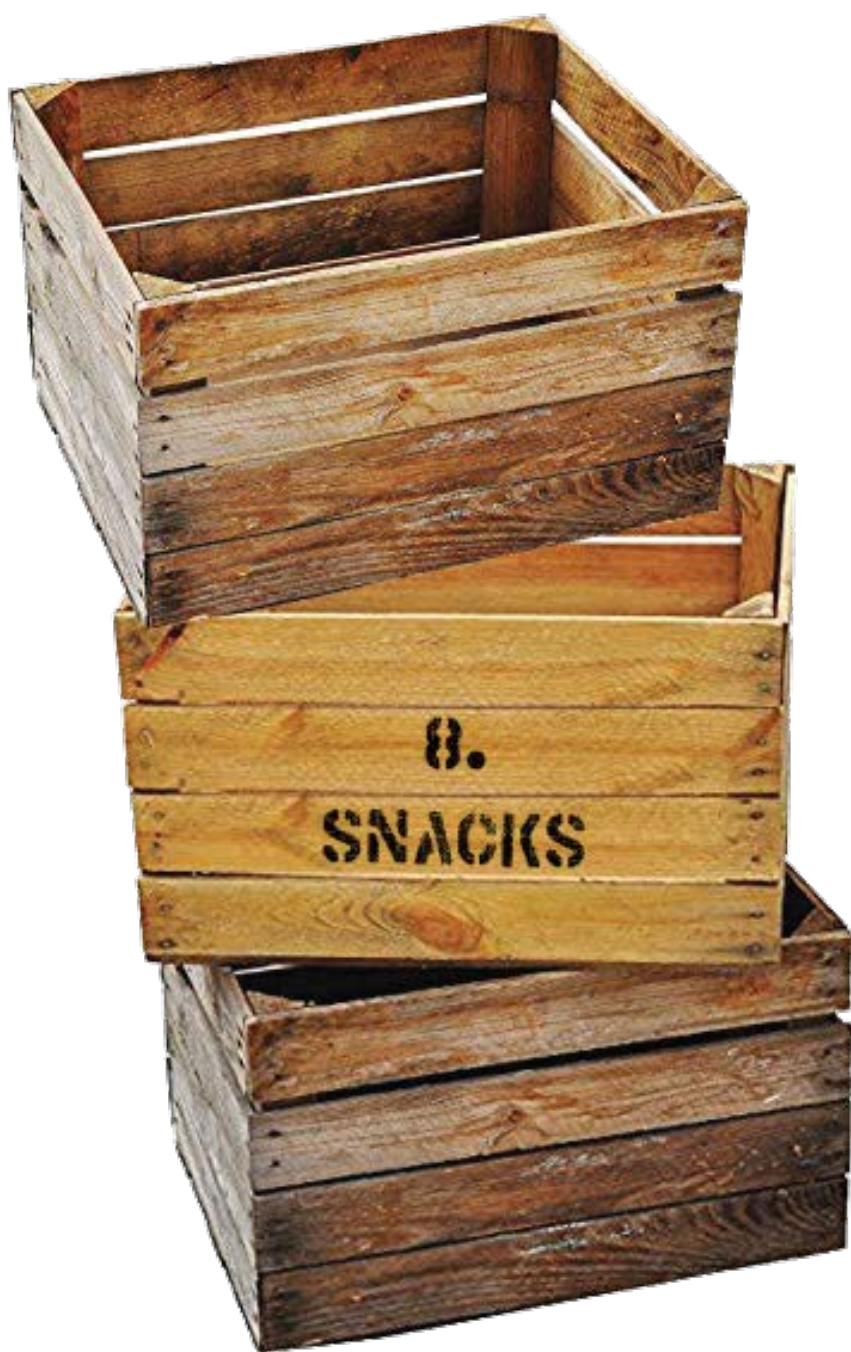

Our go-to guys for baked goods due to their range of products, flexibility and freshness. Good breads of all shapes and sizes as well as a strong pastry range too. Better yet they can do par-baked products for us to ship out to you frozen to finish off on board. Ask us for what you need and we will have them bake it!

## ORDERING MADE EASY!

The Provisions Co. is fast, fresh and fantastic. But our superpowers are limited. Good things take time. For best results, place your orders with 5-7 days to spare.

We don't just order and send. We have to consolidate from lots of suppliers. We have to process. We have to wash and trim and repack. We have to box and send to cargo. We have to get permits to move goods around Indonesia.

The good news is we have more experience doing this than anybody else. So go ahead, throw us an order and we will get back to you faster than you can say Tomato.

Thanks....

To all the suppliers who helped to make this catalogue For all the great new local products being picked, grown, harvested, brewed, roasted and pickled. To The Provisions Co. team for their dedication and hard work.

And Finally...

To you, the chefs who push us and our suppliers to chase the very best.

This catalogue is intended to be indicative only, showcasing some of the great products on offer. For more details and of course prices, just ask and we will get the details to you.
